Friday 3rd July
Find something to read every day and remember to talk about it with an adult at home. Don’t forget to do some quickfire maths on Numbots or Timestable Rockstars.

English

This week you have written your own seaside poem.

Today perform your poem out loud to an audience. Making sure you read it slowly and carefully.

Watch the video of Mrs Duncan reading a seaside poem to you all.

Can you try and perform it from memory? Can you read it out loud with needing to look at the words?

If you are able to video it and email it to us we would love to hear your poems

Maths

Revisit your fraction learning.

1) Can you remember how to use a fraction wall to find a fraction of a number?

Write the starting number in the whole box and then share it out between the parts.

<table>
<thead>
<tr>
<th>$\frac{1}{2}$ of 6=</th>
<th>$\frac{1}{4}$ of 8=</th>
<th>$\frac{1}{2}$ of 16=</th>
<th>$\frac{1}{4}$ of 12=</th>
</tr>
</thead>
<tbody>
<tr>
<td>$\frac{3}{4}$ of 12=</td>
<td>$\frac{1}{2}$ of 10=</td>
<td>$\frac{1}{4}$ of 20=</td>
<td>$\frac{3}{4}$ of 4=</td>
</tr>
<tr>
<td>$\frac{1}{2}$ of 22=</td>
<td>$\frac{1}{3}$ of 9=</td>
<td>$\frac{1}{3}$ of 15=</td>
<td>$\frac{3}{4}$ of 20=</td>
</tr>
</tbody>
</table>
2) Each grid has 16 squares. If you need to colour in $\frac{1}{2}$ of the squares how many squares do you need to colour in? ________

- Find different ways to colour half of each grid.
3) Each grid has 16 squares. If you need to colour in \( \frac{1}{4} \) of the squares how many squares do you need to colour in? ________

- Colour one quarter of each grid.
