

Broke Hall Primary School

Year 2 Newsletter - Summer 2026

Summer Term

Welcome back to the Summer Term in Year 2; we are pleased to see that the sun has started to make short appearances already. As the weather gets warmer, please ensure your child has sunscreen applied before school and a sunhat to wear. Your child will also need a named water bottle in school. Also please ensure your child is wearing the correct Broke Hall uniform in school.

Maths

In maths this term, as well as revisiting key number facts and skills, we will be looking at fractions, time and problem solving.

It would be useful to practise telling the time with your child. Particularly o'clock, half past, quarter past and quarter to the hour.

Do you need to see the teacher?

We hope to build effective relationships between school and parents/carers. If you need to speak to your child's teacher, the best time for this is at the end of the school day, if this is not possible, please send an email or arrange a phone call. It is important that we see all children safely into school in the morning and this is difficult if we are distracted by conversations at the door. Communication can be sent via email to the front office who will pass messages on.

English

During reading we are using 'Rhythm of the Rain' by Grahame Baker-Smith to retrieve key information and answer comprehension questions.

In writing the children will be writing non chronological reports.

Science

This term in science we are learning about how plants grow. We will also have an exciting trip to Hollow Tree Farm to look at habitats and micro habitats.

History

In history we are learning about inspirational people. The children will use various sources of evidence to research the past and learn about this exciting event.

Equipment

Please could you ensure that your child has the following equipment, clearly named, in school:

- Book bag.
- Indoor and outdoor P.E. kit.
- An apron in a named carrier bag.
- A named bottle with water in it to keep in the classroom.

How can you help?

Reading - Research has consistently shown that there is a strong positive link between reading often, reading enjoyment and attainment in education. We ask that you share reading activities with your child for at least 15 minutes a day. Your child has received a reading diary in which parents and teachers will write comments when children read. If you have not recorded that your child has read at home the reading book will not be changed. We ask you to use the comprehension questions to develop children's understanding.

Maths - Please continue to use Times Tables Rock Stars. This will help your child with recall and fluency in mental addition and subtraction. It will also help with rapid recall of multiplication facts.

P.E.

Please ensure your child brings in a named P.E. kit including a warm outside kit. Children must have trainers for outdoor PE as plimsoles only have a soft sole. PE is on a Wednesday and Friday

We also ask that earrings are not worn on these days or tape is provided.
