

Art activity

Today, we are going to have a go at writing our name in a graffiti style.

I will take you through step-by-step instructions about how to write your name in a graffiti style.

This project involves writing your name inside of two lines that are not necessarily parallel to each other.

Use the 'Tag shapes' for ideas.

Write your name large with a pencil. Write lightly so that you can erase your lines later.

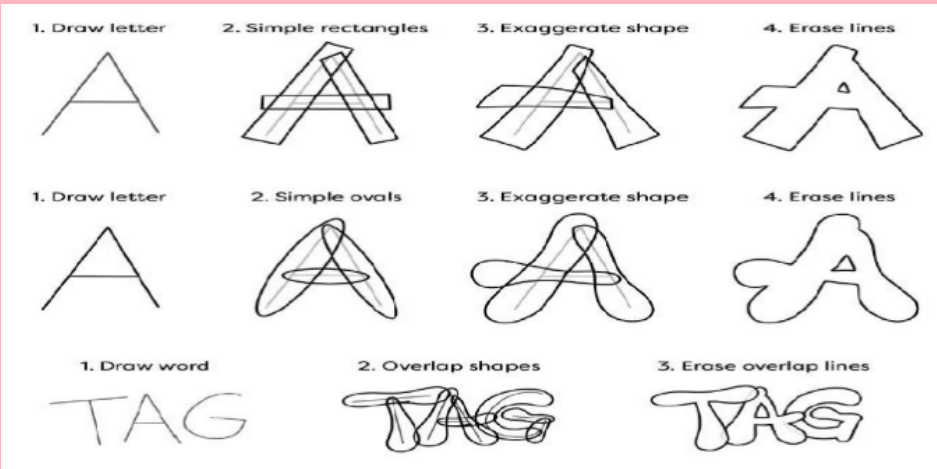

When you are happy with your letters, the next step is to make them into thick Graffiti-style letters.

Make the letters thick by creating an outline around each letter.

Use the examples to help you

Trace over your pencil lines with a black marker.

Erase all other pencil lines.
